

General Education Assessment 2007-2008

General education assessment at College of the Mainland continued during the 2007-2008 academic year.

- Assessment of general education at the course level continued. Feedback on assessment results was provided to each general education department by the Director of General Education and by members of the General Education Assessment Committee.
- First complete cycle of program level assessment was completed.
- First complete cycle of core curriculum competencies assessment was completed.
- CAAP test for reading, writing, math, and critical thinking was administered to 263 students.
- Several members of the General Education Assessment Committee attended an assessment conference held at Texas A&M University in February 2008. Committee members attended numerous conference sessions on how to improve general education assessment.
- Scantron machine was installed in the Social and Behavioral Sciences Suite and training was scheduled. Purchase of this latest version of a scantron machine will greatly facilitate the assessment process on campus.
