COAST WORKFORCE AND  
INDUSTRY

## A LEGACY YOU CAN MEASURE

Since 1966, College of the Mainland has served the Gulf Coast by educating students, strengthening industries and investing in the community. Building on six decades of trusted partnerships and proven results, the Corporate Training Center expands that commitment by helping employers strengthen teams, develop talent and build the workforce for long-term success.

Through hands-on training, industry-aligned curriculum and real-world learning environments, COM helps organizations improve performance, increase safety and build a more capable workforce. Our programs are designed to deliver measurable results that strengthen both your team and the Gulf Coast economy.

## THE RIGHT WORKFORCE PARTNER CHANGES EVERYTHING

Custom training built for your industry, delivered on your site, your schedule and your terms. Industry-experienced instructors and grant funding options help reduce or cover training costs for qualifying employers.

## WORKFORCE SOLUTIONS FOR EVERY BUSINESS NEED

- Custom corporate training tailored to your workforce and goals
- Strategic industry partnerships, apprenticeships and pipeline development
- Meeting and event space with full AV, available for half- or full-day rental
- Workshops, lectures and open-enrollment continuing education for individuals or teams

## INDUSTRIES & ORGANIZATIONS WE SERVE

- 501(c)(3) Nonprofits
- Aerospace & Defense
- Construction & Skilled Trades
- Education & Civic Organizations
- Government & Public Entities
- Healthcare & Medical
- Maritime, Port & Logistics
- Petrochemical & Refining
- Public Safety & Emergency Services
- Small Business

## LET'S GET TO WORK

Whether you need custom training, a strategic partner or simply want to explore what's possible — tell us what you're looking for. No obligation.

# A PARTNER YOU CAN COUNT ON

## WHAT SETS US APART

### PERSONAL. ATTENTIVE. INVESTED.

You work directly with our team — people who know your industry, understand your goals and stay connected long after training is complete.

### ROOTED IN THE GULF COAST

Since 1966, we have built relationships across the petrochemical corridor, the Port of Texas City and every major industry sector in the region. We know this market because we are part of it.

### FLEXIBLE. SCALABLE. ON YOUR TERMS.

We build around your schedule, your workforce size and your operational reality — not the other way around. From a single course to a full workforce development program, we scale to fit.

### CREDENTIALLED. COMPLIANT. TRUSTED.

COM is a fully accredited public institution. Your training records, certifications and documentation meet the standards your industry requires.

## TRAINING FOCUS AREAS

### SAFETY & COMPLIANCE

OSHA, HAZWOPER, process safety, incident investigation

### LEADERSHIP & PROFESSIONAL

Supervisory skills, communication, project management, HR

### MARITIME & PORT OPERATIONS

Crane simulation, terminal ops, cargo handling, port logistics

### TECHNICAL & TRADES

Instrumentation, HVAC, electrical, welding, process operations

### TECHNOLOGY & DIGITAL

IT, software, data tools, AI literacy, digital workplace skills

### HEALTHCARE & ALLIED HEALTH

Clinical skills, compliance, patient safety, workforce pipelines

## FUNDING THAT WORKS FOR YOU

Funding options may help reduce or fully cover training costs. COM works with employers to identify funding opportunities, such as grants and other resources. Ask us how.

## LET'S BUILD SOMETHING TOGETHER

Whether you have a specific training need or you're just starting to explore — reach out to our team. We'll listen first, then build something that actually works for your organization.
