Shari Roberson – Safety Consultant

Shari Roberson is a Safety Consultant with over 25 years' experience in Occupational Safety. She is passionate about safety and believes with training and mentoring all employees will improve their own personal safety and increase their hazard awareness. Every company large and small needs to have a safety program that will allow their employees to be healthy and safe both on the job and off. She focuses on helping small to mid size companies develop and improve their safety program.

Shari received her degree in Occupational Health and Safety and has worked in many different aspects of safety, including, PSM Audits, Client Compliance Audits, maintaining client's safety programs, managing safety during turnarounds and permit writing in petrochemical plants around the USA. She also has extensive experience in developing, and training OSHA based programs with a focus on leading employees to a safety conscious workplace.

She volunteers with a group called Project Biashara who works with women in Kibera, Kenya. We partner with women in one of the world's largest slums for a better future for them and their family. She also loves traveling and spending time with her family.
