

Brandy Hamilton is a Certified Safety Professional, RIMS Certified Risk Management Professional, Certified Business Continuity Professional and Certified Safety and Health Official. Additionally, she holds both a Bachelor of Science and Master of Science in Occupational Health and Safety, with a concentration in Environmental Management. She has over nineteen years of experience as an Environmental, Health and Safety professional, working primarily in the manufacturing and chemical industries.

Currently, Brandy works for a global oil and gas chemical manufacturer as the Global Director, HSE. She has a passion for continuous learning and sharing her knowledge and experiences with others. She hopes others can learn to support environmental, health and safety initiatives in a manner that fosters manufacturing and industrial growth.
