

## **Brandy Hamilton, CSHO, EHSM, CIHM**

### **Bio**

Brandy Hamilton received her Bachelor's of Science degree in Occupational Health & Safety and is currently working as a HSE Manager for a private company located in Houston, TX. A strong advocate for worker safety and continual improvement, she has worked diligently to bridge the gap between practice and theory. Her professional background includes home construction, HVAC manufacturing and her current role is in chemical manufacturing. In addition, she serves as the Governmental Affairs Chair for the Gulf Coast Chapter of the ASSE, and is a member of the Training & Communication and the Risk Management practice specialties. She holds the Certified Safety & Health Official (CSHO), Environmental, Health & Safety Management (EHSM), and Certified Industrial Hygiene Management (CIHM) designations.
