Message from the President

Welcome!

These are very exciting times for College of the Mainland as we continue advancing the student experience through a variety of innovative and dynamic learning opportunities to meet the unique needs of every student. I encourage you to explore this publication to learn more about how our outstanding faculty and dedicated support staff can help you design an academic road map that can lead to your future success. Here you will find a welcoming, supportive environment in which our top priority is your success.

That commitment to success will truly be heightened with the recent passing of the 2023 bond as we now create endless new opportunities to further expand and grow our facilities and programming to better serve the growing needs of our students. Several new programs have recently launched or are on the horizon. The College has expanded its allied health offerings to include Radiology and Dental Hygiene programs. Additionally, we are excited to have launched our new Mitchell Chuoke Jr. Plumbing Program to ensure that COM students are ready to fulfill jobs in the fast-growing plumbing industry.

With the top strategic goal of College of the Mainland being student success, we are taking steps to further enhance students' experience in new and innovative ways. COM has merged the Instructional and Student Services divisions into the newly formed Division of Academic and Student Affairs (DASA). By merging the two divisions, COM sees an opportunity to take a holistic approach to ensuring student success by connecting every student touchpoint from academics and support services.

Furthermore, COM is looking to help students balance their educational and life commitments through our new 8-week session format beginning Fall 2024. The 8-Week Advantage offers huge benefits to students including increased focus on fewer subjects, boosted momentum to keep students motivated, more balance and flexibility, and the ability to more easily attain full-time status.

In a unique distinction, COM has been awarded more than \$9 million in Title V funding to further propel the College's ongoing commitment to serving its diverse student population through a variety of innovative strategies to improve success rates, increase persistence and provide better overall outcomes for COM students.

Additionally, the Aspen Institute named COM as one of the 150 institutions eligible to compete for the \$1 million Aspen Prize for Community College Excellence, the nation's signature recognition of high achievement and performance among two-year colleges. The institutions selected for this honor stand out among more than 1,000 community colleges nationwide as having high and improving levels of student success as well as equitable outcomes for Black and Hispanic students and those from lower-income backgrounds.

Whether you're looking to transfer to a university, attain a baccalaureate-level degree or prepare for a new career or trade, College of the Mainland is the best place to begin your educational journey to a rewarding future. Let us help you design the roadmap to your success!

Sincerely,

Accreditation

Special Note: Notify the Admissions and Records Office immediately should you change your name, telephone, address or any other information that may affect your enrollment status or student record. Access to change of record forms can be found in WebAdvisor. For more specific information, consult the 2024-2025 online catalog.

Six-Course Drop Limit (TEC 51.907)

Undergraduate students enrolling as first-time freshmen at a public institution of higher education in Texas in Fall 2007 or thereafter will be limited to a total of six dropped courses during their entire undergraduate career. Please note the following information.

The six-drop limit includes all courses dropped from all Texas public colleges and universities you have attended.

Drops that count in the limit are those for which you receive a grade of W on your College of the Mainland transcript and those equivalent affected drops reported on transcripts from other Texas public colleges and universities. All of these drops combined cannot be more than six courses. If you started college in Fall 2007 or thereafter and then transfer to College of the Mainland from a Texas public college or university with six drops, the equivalent of W, you may not drop any additional courses at College of the Mainland. If you transfer with fewer than six, you may only drop the remainder at College of the Mainland.

After you have the equivalent of six grades of W from College of the Mainland and/or other Texas public institutions in total, you must receive grades of A, B, C, D or F if you drop additional courses.

Drops that do not count in the limit are those for which you withdraw from an entire term (total withdrawal from all courses at the same time). This means that all parts of a term are considered as one term. (e.g., If you drop a three-week course (mini) but remain enrolled in a five-week or 16-week course, you will not have “withdrawn” for the term.) Please notify the your Academic Advisor if it is your intent to withdraw before you drop so the courses can be marked appropriately as a WX. Drops from developmental courses do not count in the limit (any course with a “0” first in the course number, e.g., MATH 0310).

College courses taken while still in high school do not count in the limit. Once you enroll at College of the Mainland after high school graduation, any drops after that time will count.

If you attended college anywhere prior to Fall 2007, you are excluded from this law.

Exemptions to this six-course drop limit include severe illness, care for a sick person, death of a family member, active duty military, withdrawing for the term, change of work schedule beyond student’s control and other good cause as determined by the institution. These exemptions are requested from the Admissions and Records Office and must be made prior to dropping the course. Documentation is required.

You should fully understand this new drop limit before you drop any of your courses. If you have questions or need assistance, please visit the Student Success Center or the Admissions and Records Office, both located in the Administration Building.

Applying for Graduation

Students applying for graduation must meet with their academic advisor and have a degree plan attached to their signed graduation application. Graduation applications should only be submitted to the Office of Admissions and Records during the semester of completion. Applications can be submitted via WebAdvisor.

Incomplete Grades

The Incomplete Grade (“I”) is a temporary grade given when a student has experienced unforeseen circumstances beyond the student’s control which results in the student being unable to successfully complete the course within the time frame of the semester. An “I” may be assigned only if, in the judgment of the instructor, the student can complete the course outcomes with minimal instructional assistance and without attending additional class sessions. Additionally, an “I” may be assigned only when the following circumstances are met:

- 1) No more than 25% of the points possible in the class are still outstanding
- 2) Passing the course with a 70% or better.

Exceptions to these circumstances can be made at the discretion of the appropriate instructional dean. In cases where an instructor agrees to assign an “I”, the instructor must complete the electronic “I” contract form and submit to the appropriate Dean for approval. The student will receive an “I” as the course grade on the grade roster. The “I” contract will specify the course requirements that must be completed and the due date for the work to be submitted no later than the last day of the following semester from when the “I” grade was assigned. The contract will be signed by the student, instructor, department chair and dean, and a copy of the “I” contract will be provided to the student, instructor and department.

After the student has successfully completed the requirements of the “I” contract, the instructor will complete and submit a Change of Grade form, changing the “I” to the appropriate permanent grade. When the Change of Grade form is used to

change an “I” to a letter grade, only the instructor is required to sign the form. If after one semester the student fails to complete the requirements of the “I” contract, the “I” will automatically be converted to an “F”.

Return of Funds

Because of certain requirements regarding federal, state and veteran financial assistance, students who do not meet the attendance rules for class may be reported to the Student Financial Services Office for non-attendance. The Student Financial Services Office will adjust student's aid as necessary. If a student that is receiving federal financial aid withdraws at any point in the semester, return of funds calculations must be done to determine if any aid must be returned to federal government. If funding must be returned, students will owe balance to school. Students should refer to the Return of Funds policy for more detailed information.

Financial Aid Warning/Unsatisfactory Status

Following the first semester in which the standards of academic progress are not met, the student will be placed on warning and may receive aid for one more semester. A student who fails to meet the standards of academic progress during the semester of enrollment while on warning will be considered unsatisfactory (USAP) and no longer be eligible for aid. Students that do not complete their program of study within maximum timeframe, usually 90 hours for a two-year degree or 45 hours for a one-year certificate program, and students with bachelor's degree or higher are considered unsatisfactory and not eligible to receive financial aid.

Financial Aid Probation Appeal Policy

Students with Unsatisfactory status have an opportunity to appeal their aid. Students may submit an appeal request and must provide supporting documentation to the Student Financial Services Office.

Appeals are accepted for extenuating circumstances such as illness, death of an immediate family member or undue

hardship. Students who have their appeals approved will be placed on probation with an academic plan and continue on probation until they regain eligibility by meeting satisfactory academic progress standards or complete the approved academic plan. Students are allowed to appeal their financial aid status twice during their entire enrollment period at College of the Mainland. This includes degree/academic plan changes. The appeal request forms is located on the [Financial Aid Forms](#) webpage. The Appeals Committee reviews appeals once monthly except in December. Check with the Student Financial Services Office for dates and deadlines. Decisions of the Appeals Committee are final and cannot be appealed.

Students should review the Satisfactory Academic Progress Requirements for more details.

Educational Technology Services

What is Distance Education?

Distance Education courses are designed for students who desire flexibility and convenience in their studies. Our courses are fully accredited and are considered equivalent to on-campus courses.

Anyone who is eligible to take regular courses on campus may enroll in Distance Education courses.

Students must have access to the Internet and be familiar with email, the Web, creating and saving documents, and uploading files. Students may be required to attend a class orientation prior to the start of the class. You will need administrative rights to the computer you use in case you need to install plug-ins. (See section on Add-Ons and Plug-Ins.)

Online learning isn't as easy as it seems. Successful online students must be focused, highly motivated, self-directed and possess a strong work ethic. Students may find that they spend more time on their online studies than in traditional face-to-face classes because assignments, discussions, and class interactions are primarily text-

based. Online courses require more self-discipline and the ability to work more independently than a traditional classroom setting – you must be able to manage your time effectively and stay on track with your coursework.

Wireless connections are not recommended due to inconsistent signal strength which can cause unexpected loss of connection with the server.

Course Formats Defined

There are two levels of Distance Education classes with each level requiring work be completed in the online environment.

Internet (IN)

An Internet class is an asynchronous format that provides 85 to 100 percent of class instruction in an online, virtual classroom. Some courses may require students come to campus to take tests in an approved testing location, attend field trips and/or complete other course requirements. On campus requirements will be listed in the course syllabus.

Hybrid (HY)

Hybrid courses combine both an online and classroom component. These courses provide 50 percent to 85 percent of class instruction in an online, virtual classroom with 15 percent to 50 percent of instruction taking place in a traditional classroom setting.

How might your progress be assessed?

All courses have student learner outcomes which outline what you should have learned by the time you successfully complete a course. Your success at achieving these outcomes can be assessed in many ways. Your teachers may use one or more of these methods or may develop other unique ways to assess your progress.

- Structured /informal observations/interviews
- Projects and tasks
- Tests
- Performances and exhibitions
- Audio and video
- Experiments
- Portfolios and journals

What is online proctored testing?

Some instructors may require students complete some or all online course tests and/or exams in a proctored environment. Your instructor will provide specific details on how to

complete exams in the syllabus.

What are Respondus LockDown Browser and Monitor?

Instructors may require students use Respondus LockDown Browser and Monitor for testing.

Respondus LockDown Browser is a locked browser for taking tests in Desire2Learn Brightspace. It prevents you from printing, copying, going to another URL, or accessing other applications during a test. If an online exam requires that Respondus LockDown Browser be used, students will not be able to take the test with a standard web browser. LockDown Browser should only be used for taking fully online course tests. It should not be used in other areas of the LMS.

Students may be required to use LockDown Browser with a webcam, which will record students during an online, non-proctored exam. (The webcam feature is sometimes referred to as “Respondus Monitor.”)

Your computer must have a functioning webcam and microphone. A broadband connection is also required.

Read the [Respondus LockDown Browser Quick Start Guide](#).

Online Learner Workshop (OLW)

The Online Learner Workshop is a resource for students registering for their first Internet (IN) or Hybrid (HY) section at COM. This free, instructor-led online Workshop will guide you through the process of using our course management system to:

- Send electronic communications within a course
- Submit assignments online
- Post to the discussion board
- Complete online tests

The Online Learner Workshop is available all year except during the winter holiday break.

Students can self-enroll for the Online Learner Workshop once they have registered for a course at College of the Mainland. The self-enroll option can be accessed from within learning management system. Learn how here, <https://www.youtube.com/watch?v=xXKGTEp9xJg>.

Students may request additional assistance at <http://de-support.com.edu/requests>.

Students can also watch our Distance Education Student Tutorials on YouTube for additional training.

Online Student Responsibilities

Read the syllabus carefully and refer to it frequently throughout the semester. The syllabus provides the bulk of your course information and is the guiding document for the course. Become familiar with the learning objectives, methods of assessment and deadlines.

Students are encouraged to ask questions and communicate with professors through email, telephone or the discussion boards. However, unlike traditional classroom settings the responses are not immediate. Communication expectations will be outlined in the course syllabus.

Students are expected to adhere to all college policies and guidelines.

Netiquette

Netiquette consists of the rules and guidelines for acceptable behavior in online communication. Remember, while working in an online course you are in an academic setting and should conduct yourself accordingly.

- Use appropriate language. Excessive use of "text" or "instant messaging" jargon is not acceptable for online communication.
- Read existing follow-up postings and don't repeat what has already been said. Keep messages short and to the point.
- Give respect to your classmates. Be courteous and respectful of others' opinions, inappropriate and/or offensive language, especially comments that might be

construed as racist or sexist, are not appropriate and will be dealt with on an individual basis.

- Do not use all capital letters in an online environment. Using all capital letters is considered SHOUTING.
- Use proper spelling, capitalization, grammar, usage, and punctuation.
- Consider the “Golden Rule” before posting. Don’t post anything you wouldn’t be willing to communicate face to face.
- Be sure to include relevant information in the Subject line of emails.
- The sending of spam mail to fellow classmates or instructors is not allowed.

Online Class Attendance

Students are required to log in to their online course within the first 48 hours of the course for all 16-week courses and within the first 24 hours of all courses with fewer than 16 weeks or the day enrolled during late registration to complete the initial introductory activities required in the course.

Attendance policies are contained in the syllabus of each course. It is the responsibility of the student to read and comply with attendance policies which may affect the final grade. Login dates and times can be used to determine the amount of time a student has attended/missed or to determine the last date of attendance.

Logging into an online course or website is not enough, by itself, to determine attendance by the student. For example, if a student simply logs into an online course on September 15 and logs out, without any further activity, the student did not attend the online class on that day.

Although it is the responsibility of the student to withdraw officially from a course, the professor also has the authority to block a student from accessing the institutions learning management system, and/or to withdraw a student for excessive absences or failure to participate regularly.

Distance Education courses require the same time commitment as traditional courses. College of the Mainland expects all students registered in an Internet (IN) section to log in to the

course at least twice each week. Students registered in a hybrid (HY) section are expected to log on at least once each week.

Students are solely responsible for checking updates related to courses. As a component of attendance students should check email, course announcements and discussion forums frequently (daily is recommended).

Active Participation

Student attendance in online courses is defined as active participation in the course. Online courses will, at a minimum, have weekly mechanisms for student participation no more frequently than daily, which can be documented by any or all the following methods:

- Contributing to an online discussion or text chat session
- Submitting an assignment or working draft
- Working through exercises; taking a quiz or exam
- Viewing and/or completing a tutorial
- Initiating contact with a faculty member to ask a course-related question
- Another course participation.

These academic activities are tracked and documented through the College’s learning management system, email system, and publisher websites. Course tracking can be used to assess the amount of “attendance” in an online course. Any student who fails to attend the orientation session or complete a scheduled assignment during the first week of class will be reported as absent.

Communication

Students will communicate with their professor either through regular email, Desire2Learn Brightspace Messages/Email or the Discussion Board (as specified in the course syllabus) in a professional and timely manner. Students are expected to contact their professor prior to the beginning of the semester and log in the course at least twice per week to check course mail, announcements and discussion board posts throughout the semester.

Security of Login Credentials

Students should take care to exit the course management system (Desire2Learn Brightspace) using the Logout link which will end the session properly. You should never end

a session by only closing the browser. It is the responsibility of the student to secure login credentials by changing their password on a regular basis. Students who knowingly provide their login credentials to someone else will be reported to the judicial coordinator for possible disciplinary action as outlined in the current Student Handbook.

Hardware and Software Requirements

All distance learning courses require that you have access to a computer that is connected to the Internet and you are comfortable using that computer.

As an online student, your computer becomes your primary interface to your course, instructor and your classmates. In order to effectively use this interface, it will need to meet certain minimal requirements. It is not required that you own computer equipment; however, it is strongly recommended that you have a computer that will be available when you need it. Additionally, have a backup plan in place in case your primary equipment fails or becomes unavailable. Many public libraries have computers including the College of the Mainland Library on campus.

College of the Mainland's Educational Technology Services is not an Internet service provider. Your Internet service provider is responsible for helping you configure your computer system and assisting you with problems concerning connectivity.

Student Rights and Responsibilities

College of the Mainland holds that the student, upon enrollment, neither loses the right nor escapes the duties of citizenship. The student-citizen must exercise liberty

with responsibility. The listing of the following rights and responsibilities shall in no way be interpreted as being all-inclusive and denying the existence of other rights and responsibilities which a student holds as a student or citizen.

It is your right...

- to have your voice heard;
- to expect an educational program of the highest quality;
- to have the opportunity to develop your potential to the best of your ability; and
- to inquire about and recommend improvements in policies, regulations and procedures affecting the welfare of students. This right is best exercised through Student Government Association (SGA) and other campus organizations.

Standards of Student Conduct

College of the Mainland assumes that students eligible to perform on the college level are familiar with the standard rules governing proper conduct and that they will observe these rules. COM accepts the concept that where its interests as an academic community are involved, the legal and ethical authority of the institution should be asserted and maintained.

Student rights and responsibilities are described in [FLB \(Local\)](#) policy on the College website.

These include Scholastic Dishonesty, Disorderly Conduct, Prohibited Conduct, compliance with Federal, State, and Local Law, Prohibited Weapons, Drugs and Alcohol, Debts, Disruptions, Behavior Targeting Others, Property, Directives, Dishonesty, Gambling, Tobacco, including E-Cigarettes and oral tobacco, Sexual Misconduct and Misuse of Technology.

The College prohibits Discrimination, Harassment, and Retaliation.

[FFDA \(Local\)](#) - addresses complaints of sex and discrimination, sexual harassment, sexual assault, and retaliation targeting students.

[FFDB \(Local\)](#) - addresses complaints of discrimination, harassment, and retaliation based on race, color, religion, national origin, age, or disability targeting students.

Discipline

A student shall be subject to discipline, up to and including suspension, in accordance with [FM \(Legal\)](#) and [FMA \(Local\)](#) if the student violates any Board policies or procedures or policies and procedures of any college district program:

1. While on College District premises;
2. While attending a College District activity; or
3. While elsewhere if the behavior adversely impacts the educational environment or otherwise interferes with the College District's operations or objectives.

Discipline and Penalties

When a student engages in conduct that violates the law, he or she is subject to college disciplinary action in addition to any action taken by a law enforcement agency or court of law. The Dean of Students shall consider and take appropriate disciplinary action when violation of law, college rules and regulations, and other breaches of conduct by students are reported. The Dean of Students shall attempt to ensure the best interests of the offending student(s) and the College are served by making use of College counseling and other available resources as appropriate.

Alleged misconduct committed by a student is reported to the Dean of Students within a reasonable time, not to exceed ten College business days from the date college faculty and staff knew or should have known that the incident occurred.

For procedures related to student discipline see [FMA \(Local\)](#) and [FMA \(Regulation\)](#).

Student complaints regarding procedures addressing discipline procedures are found in [FLD \(Local\)](#), [FLD \(Exhibit A\)](#) and [FLD \(Exhibit B\)](#).

Complaints Relating to Faculty

Code of Ethics

Any student who has a complaint about a College faculty member relating to a violation of the Code of Professional Conduct and Ethics ([DH Local](#)) policy has the opportunity to seek resolution of the complaint. All parties involved have the right to be represented by legal counsel or others. The College encourages all parties to use informal means to resolve complaints, if possible according to [FLD \(Local\)](#),

[FLD \(Legal\)](#), and [FLD \(Regulation\)](#).

Complaints of discrimination are addressed under the Discrimination, Harassment and Retaliation section of this handbook.

Final Grade Appeal

An academic appeal is a formal request brought by a student to change a final grade. A request to change a final grade or to challenge a penalty within the student grade appeal process must be made within six months of the assignment of the final grade.

An appeal will not be considered because of general dissatisfaction with a grade, penalty, or outcome of a course. Disagreement with the instructor's professional judgment of the quality of the student's work and performance is also not a basis for an academic appeal.

The student must provide evidence that the instructor unfairly applied grading practices or violated College policy.

Procedure for Final Grade Appeal

Student Rights:

Students have a right to a clear explanation (from the instructor, department chair, or dean, as appropriate) of actions taken by the instructor, such as how a final grade was calculated or how their actions violated the academic honesty policy.

Step One:

Before a student may bring a grade appeal, he or she should first meet with the instructor to request that a change be made. If the student is not satisfied with the outcome or cannot consult with the instructor, he or she must meet with the appropriate Department Chair to determine if a resolution can be reached.

Step Two:

If after meeting with the department chair a resolution is not reached and the student desires to pursue the appeal, the student will state specifically the basis of the appeal in writing to the appropriate Instructional Dean. If the Instructional Dean determines that there is insufficient evidence that the instructor unfairly applied grading practices or violated College policy, he/she shall communicate this in writing to the student. The decision of the Instructional Dean is final.

General Provisions

The Dean of Students will ensure that appropriate documentation is maintained, that the rights of all parties involved are protected and that all timelines of appeal are followed. Timelines presented are for the long semesters. Grade appeals initiated during the summer semesters will begin review during the following fall semester. All time limits set for this appeal process may be extended by mutual consent of parties involved. Grade appeal records shall remain confidential unless permission is given by the student to release such information. Grade appeal records shall be maintained on file for three years after the completion of the appeal process in the Dean of Students Office.

Student Complaints

College of the Mainland is committed to providing an educational climate that is conducive to the personal and professional development of each individual. To ensure our commitment, the College has developed procedures for students to address their concerns within the college community. A student who has an unresolved disagreement with a faculty or staff member, another student, a student group, or dissatisfaction with the service received may initiate a complaint without prejudicing his or her status with the College.

How do I bring forward a Complaint?

It is the goal of College of the Mainland to assist all students in efficiently resolving their concerns. Students may file a complaint to address problems or conditions believed to be unfair, inequitable, or a hindrance to the educational process or the conduct of campus business. Students are encouraged to seek informal resolution of their concerns; however, students who have not been able to resolve their concern informally may file a [formal written complaint](#). Students should refer to the COM policy or process for specific types of complaints and appeals:

- Discrimination, Harassment and Retaliation - See Board policies [FFDA \(Local\)](#) and [FFDB \(Local\)](#).
- The Financial Aid Probation Appeal Policy is addressed under the Financial Aid section of this handbook.
- Grade Appeal procedures are addressed under the Grade Appeal section of this handbook.
- Student disciplinary action procedures are found in [FMA \(Regulation\)](#).

- Complaints not related to the issues noted above are addressed in [FLD \(Local\)](#).
- Complaints concerning COM's management or conduct of Title IX, should be directed to Dr. Sarah David, Title IX Coordinator, at 409-933-8413.

For assistance in determining the correct procedure to follow or to identify the appropriate dean or supervisor for informal resolution, students can contact the Dean of Students at 409-933-8712.

Should students feel their complaint has not been resolved adequately, they have the right to complain in writing or by telephone to the Texas Higher Education Coordinating Board (THECB) regarding the College's management of Title IX, HEA programs or its advertising, or promoting of its educational programs. Correspondence should be addressed to the Texas Higher Education Coordinating Board, P.O. Box 12788, Austin, TX 78711 or by telephone at 512-427-6101. Current, former, and prospective students may initiate a complaint with THECB after exhausting the College's complaint/appeal process.

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) publishes a Complaint Procedures Against SACSCOC or Its Accredited Institutions. Students, employees or others may initiate a complaint of alleged violations of SACSCOC Principles of Accreditation, the Core Requirements, and policies or procedures, as well as address possible violations of an institution's own policies and procedures. Refer to the policy statement for details on this process at sacscoc.org/app/uploads/2020/01/ComplaintPolicy-1.pdf.

A student shall be informed of his or her right to file a complaint with the U.S. Department of Civil Rights. Contact the Department of Education Office for Civil Rights by telephone at 214-661-9600, by fax at 214-661-9587, TDD: 800-877-8339 or email: OCR.Dallas@ed.gov. By mail: Dallas Office, Office for Civil Rights, U.S. Department of Education, 1999 Bryan Street, Suite 1620, Dallas, Texas 75201-6810.

General Provisions

The Dean of Students and the appropriate vice president will ensure that appropriate documentation is maintained, that the rights of all parties involved are protected and that all time lines the grade appeal are followed. Written communication sent to the student will be through com.edu email or certified mail. All

time limits set for these complaint procedures may be extended by mutual consent of parties involved. Complaint records shall remain confidential in accordance with the District's Records Retention procedures (See [CIA Local](#) and [CIA Legal](#)). Complaint records shall be maintained on file in accordance with the District's Records Retention procedures ([CIA Local](#) and [CIA Legal](#)) for three years after the grievance resolution. No complaint decision shall be recorded on the student's transcript.

Note: A student's procedural rights under Complaint Procedures are subject to change, depending on future amendments to federal regulations. Students and employees are advised to consult the website versions of Complaint Procedures for the most current copy of the applicable procedures.

Title IX

COM is committed to providing an environment that is free from all forms of discrimination, including discrimination based on sex. See [FFDA \(Local\)](#).

What is Title IX?

Title IX of the Education Amendments of 1972 is a federal law intended to end sex discrimination in all areas of education.

The Department's Title IX regulations recognize that sexual harassment, including sexual assault, is unlawful sex discrimination.

- Applies to discrimination based on sex/gender to all recipients of federal funds, both public and private institutions
- Applies to issues of program equity, such as in athletics, and also to sexual harassment and sexual assault
- Sexual harassment of students, which includes acts of sexual violence, is a form of sexual discrimination prohibited by Title IX.

What is Sexual Harassment?

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or

"Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

What is Sexual Misconduct?

Sexual Misconduct is any non-consensual behavior of a sexual nature that is committed by force, intimidation, or is otherwise unwelcome that is sufficiently severe, persistent, or pervasive so as to limit a student's ability to participate in or benefit from a COM program or activity.

What is consent?

In Texas, consent is defined as an agreement to engage in sexual activity.

Consent is:

- Informed, knowing, and voluntary (freely given),
- Active (not passive),
- Affirmative action through clear words or actions that create mutually understandable permission regarding the conditions of sexual activity.
- Cannot be obtained by use of:
 - Physical force, compelling threats, intimidating behavior, or coercion.
- Cannot be given by someone known to be – or should be known to be – mentally or physically incapacitated.
- Lack of protest or resistance does not equal consent.
- Consent should not be assumed.
- Must be present through the entire incident; consent can be withdrawn at any time.
- The inability to give consent may be a result of, but not limited to, the following individuals:

- Persons who are asleep or unconscious.
- Persons who are incapacitated due to the influence of drugs, alcohol, or medication.
- Persons who are unable to communicate consent due to a mental or physical condition, including minors.

Sex without consent is sexual assault. Use of force, intimidation, or coercion is a denial of a person's right to freely give his or her consent. Even if someone has agreed to engage sexually, that person has the right to withdraw their consent at any time.

Who should report?

Anyone who has witnessed, knows about, or has experienced a Title IX violation is encouraged to seek help and report the complaint to the Title IX Coordinator.

Faculty, staff and student employees who receive complaints of sexual harassment or sexual misconduct are obligated to report complaints to the Title IX Coordinator and/or the College President. To file a complaint submit a [Sexual Misconduct Complaint Form](#). Filing this complaint constitutes official notice to College of the Mainland and authorizes the institution to investigate the information and allegations contained within the report and seek resolution. This report is NOT confidential.

Why is it so important to report to the Title IX Coordinator?

The College has a duty to promptly respond to all complaints of sexual harassment and sexual misconduct. The purpose is to prevent sex discrimination on campus, promptly address reported incidents, limit the effects of harassment on the educational environment, and prevent its recurrence.

Title IX Compliance Programs are imperative because:

- 1 in 4 college women are victims of an attempted or completed sexual assault (Fisher, 2000). Six percent of men reported an attempted or completed sexual assault (CDC, 2013).
- Nearly 2/3 of rapes were perpetrated by someone known to the victim (RAINN, 2013).

- 74% of perpetrators and 55% of rape victims were intoxicated (Abbey, 2002).

The purpose of this general reporting obligation is to enable the College to identify patterns or trends involving sexual harassment or violence. For general information about the complaint process, please contact the College's Title IX Coordinator at 409-933-8413.

Confidential Consultations

Confidential communications are those communications that cannot be disclosed to another person without the parties consent. Off-campus resources including medical professionals, licensed professional counselors, pastoral (religious) counselors, and certain counselors at a victim's crisis centers which are listed under [Community and Mental Health Resources](#). These individuals are not required to make a report to the College's Title IX Coordinator.

Students who have experienced sexual assault, sexual violence, stalking, domestic violence, or other crimes may seek advice, assistance, and resources from the College's Title IX Coordinator by calling 409-933-8413 or email titleix@com.edu. The Title IX Coordinator's duties include facilitating the complaint and investigation process. Individuals within these offices can assist the complainant with accessing medical or counseling services, advocacy services, social support services, legal services, and police services. Even in the absence of a formal complaint, the College may be able to provide assistance to the complainant with respect to his or her academics. For example, a student might wish to explore changing a class or class time.

Policies

In addition to, COM's policies regarding non-discrimination and harassment, along with the conduct code outlined in the COM Student Handbook Student Rights and Responsibilities. Retaliation against anyone who makes a complaint or who participates in any complaint-related process is not tolerated.

[Campus SaVE Act \(Sexual Violence Elimination Act\)](#)

In 2013, the Campus SaVE Act was added as an amendment to the Violence Against Women Act (VAWA), and it seeks

to address the violence women [and men] face on campus. The act covers domestic violence, dating violence, sexual assault, and stalking. It requires incidents to be disclosed in the annual “Clery” campus crime statistic reports; clarifies minimum standards for institutional disciplinary procedures; instructs colleges and universities to provide programming for students and employees; and establishes collaboration between the U.S. Departments of Justice, Education, and Health and Human Services to collect and disseminate best practices for preventing and responding to domestic violence, dating violence, sexual assault, and stalking.

Drug and Alcohol Abuse Prevention Policy

College of the Mainland strives to offer students and employees an optimum environment that promotes and secures educational success. In accordance with the Drug-Free Workplace and the Drug-Free Schools and Communities Act (P.L. 102-226) and the Presidential Directive (90-92), we recognize that the abuse of alcohol and other drugs is a threat to the health and welfare of the campus community and is not compatible with an environment where education takes place. To meet this objective, COM has adopted policy to prevent unlawful manufacture, possession, use, and distribution of illicit drugs and alcohol and implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. Any persons who violate College of the Mainland policy will be subject to disciplinary action. If you have questions concerning of this information, contact the Office of the Vice President for Student Services at 409-933-8619.

Any person involved in an act of substance abuse in, on or within 1,000 feet of the premises owned, rented or leased by COM will be subject to punishment as defined and published in the Texas Penal Code.

Standards of Conduct

[FLB\(Local\)](#), [FLB\(Legal\)](#) and [FLBE \(Local\)](#), [FLBE \(Legal\)](#) prohibit the unlawful possession, use or distribution of drugs and alcohol by students on our campuses.

Disciplinary Action

Students found in violation of the Standards of Conduct shall be subject to disciplinary action in accordance with Board Policies [FM \(Local\)](#), [FM \(Legal\)](#), and [FMA \(Local\)](#), which may

include referral to drug and alcohol counseling, or rehabilitation or re-entry programs, disciplinary probation, suspension, and expulsion, as well as referral to appropriate law enforcement officials for prosecution subject to legal sanctions described below.

Legal Sanctions

Alcohol: Minors convicted in the criminal court system of possession or consumption of alcoholic beverages may be subject to fines, suspension of driver’s license, community service, and a mandatory alcohol education class. Convictions for providing alcohol to minors may subject individuals to fines and a jail term of up to one year. Convictions for driving while intoxicated may subject individuals to up to \$2,000 in fines and a jail term of up to six months for a first offense. Fines and jail terms escalate after the first conviction.

Controlled substances (drugs): Sanctions upon conviction in the criminal court system for possession, distribution, or manufacture of controlled substances range from fines to probation to imprisonment. Amount of fines, terms of probation, or years of imprisonment generally are contingent upon the circumstances and the amount of drugs in possession, sale, distribution, or manufacture. Below are commonly used drugs; however, this is not an exhaustive list.

Illicit Drugs

Controlled substances are normally grouped into two categories, felonies and misdemeanors. In some instances, the amount of controlled substances determines the degree of penalty.

A felony is an offense for which the offender could be sentenced to a prison term and a possible fine. A misdemeanor is an offense in which the person could be sentenced to serve time in a county jail facility and/or a fine.

The above information can be found in the Penal Laws of the State of Texas, and Texas Health and Safety Code, Title 6, Subtitle C.

- A. Beginning September 1, 1999, a blood alcohol level of .08 or higher will be proof enough that a driver is intoxicated.
- B. A person commits an offense if the person appears in a public place while intoxicated to the degree that the

person may endanger the person or another.

- C. It is a defense to prosecution under this section that the alcohol or other substance abuse was administered for therapeutic purposes and as a part of the person's professional medical treatment by a licensed physician.
- D. An offense under this section is a Class C Misdemeanor.
- E. An offense under this section is not a lesser included offense under Section 49.04.

- C. If it is shown at the trial of an offense under this section, that at the time of the offense the person operating the motor vehicle had an open container of alcohol in the vehicle, the offense is a Class B Misdemeanor, with a minimum term of confinement of six (6) days.

Intoxication Assault

- A. A person commits an offense if the person, by accident or mistake, while operating an aircraft, watercraft or motor vehicle in a public place while intoxicated, by reason of the intoxication causes serious bodily injury to another.
- B. In this section, "serious bodily injury" means injury

that creates a substantial risk of death or that causes serious permanent disfigurement or protracted loss or impairment of the function of any bodily member or organ.

- C. An offense under this section is a felony of the third degree.

Intoxication Manslaughter (second degree felony)

A person commits an offense if the person:

- 1. Operates a motor vehicle in a public place, an aircraft or a watercraft; and
- 2. Is intoxicated and by reason of that intoxication causes the death of another by accident or mistake.

Enhanced Offenses and Penalties

If it is shown on the trial of an offense under Section 49.04, 49.05 or 49.06 of the Texas Penal Code that the person has previously been convicted one time of an offense relating to the operating of a motor vehicle while intoxicated, the offense is a Class A Misdemeanor with a minimum term of confinement of 30 days.

Health Risks Associated with Illicit Drug Use, Use of Tobacco Products and Alcohol Abuse

The health risks associated with the misuse and abuse of mind-altering drugs, including controlled substances and alcohol, include but are not limited to: physical and psychological dependence; damage to the brain, pancreas, kidneys, liver and lungs; high blood pressure, heart attacks and strokes; ulcers; birth defects; a diminished immune system; and death. The use of tobacco products have been linked to coronary heart disease. Lung, oral, larynx, esophagus, bladder, pancreas and kidney cancers strike tobacco users at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

The abuse of drugs and alcohol can lead to a variety of serious consequences including poor academic and work performance, poor decision making, poor morale, work errors, wasted time and materials, damage to equipment, theft, tardiness, absenteeism, accidents which injure the drug user, accidents which put all employees and students at risk of injury, and may lead to disciplinary action, prosecution, illness and even death. Users of these substances experience

depression, isolation, loss of memory, loss of coordination, impaired judgment, reduced morale, anxiety, paranoia and loss of self-respect.

On average, at least 50 percent of college students' sexual assaults are associated with alcohol use. One study reported that 74 percent of the perpetrators and 55 percent of the victims of rape had been drinking alcohol. Consumption by the perpetrator and/or the victim increases the likelihood of acquaintance, sexual assault. In addition, one in five college students abandon safer sex practices when intoxicated (www.collegedrinkingprevention.gov).

Further information concerning health risks may be found in the Doyle Family Administration Building. You should also consult your personal physician about the health risks associated with alcohol, tobacco and drug abuse.

Drug and Alcohol Prevention Program Procedures

The Drug-Free Schools and Communities Act of 1989 requires the College to report its drug and alcohol crimes and prevention programs. The college must develop and implement a program to prevent unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. The program must include Annual Notification of the following: standards of conduct; a description of sanctions for violating federal state, local law, and campus policy, a description of health risks associated with alcohol and drug use, a description of treatment options; and a biennial review of the program's effectiveness and the consistency of the enforcement of sanctions. Throughout the year, college sponsored events are held to raise drug and alcohol abuse prevention awareness. An annual drug and alcohol abuse prevention Awareness Week is held each spring.

Family Educational Rights and Privacy Act (FERPA)

Postsecondary officials are regularly asked to balance the interests of safety and privacy for individual students. While the Family Educational Rights and Privacy Act (FERPA) generally requires institutions to ask for written consent before disclosing a student's personally identifiable information, it also allows colleges and universities to take key steps to maintain campus safety. Understanding the law empowers school officials to act decisively and quickly when issues arise.

The College gives access to records only to those persons and agencies that the Privacy Act specifies, and the College will keep a record of all persons who receive access. Directory

information will only be released by authorized personnel of the College and to those parties with a common education interest.

A student may request in writing to the Admissions and Records Office that Directory Information be withheld from the public. Once a student has requested that directory information be withheld, no information will be released except with written approval from the student.

A student may complete a Student Consent for Access to Education Records (FERPA) form that will allow certain information to be shared with identified parties. A student can issue access to his/her records via self-services or by completing a FERPA release form at the Admissions and Records Office.

For more information, please visit the [FERPA](#) section of the College Catalog.

Health or Safety Emergency

In an emergency, FERPA permits school officials to disclose, without student consent, education records, including personally identifiable information from those records, to protect the health or safety of students or other individuals. At such times, records and information may be released to appropriate parties such as law enforcement officials, public health officials, and trained medical personnel. See 34 CFR § 99.31(a)(10) and § 99.36. This exception to FERPA's general consent rule is limited to the period of the emergency and generally does not allow for a blanket release of personally identifiable information from a student's education records. In addition, the Department interprets FERPA to permit institutions to disclose information from education records to parents if a health or safety emergency involves their son or daughter.

Disciplinary Records

While student disciplinary records are protected as education records under FERPA, there are certain circumstances in which disciplinary records may be disclosed without the student's consent. A postsecondary institution may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime, regardless of whether the institution concluded a violation was committed. An institution may disclose to anyone, not just

the victim, the final results of a disciplinary proceeding, if it determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense; and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies. See 34 CFR §§ 99.31(a)(13) and (14).

The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires postsecondary institutions to provide timely warnings of crimes that represent a threat to the safety of students or employees and to make public their campus security policies. It also requires that crime data be collected, reported, and disseminated to the campus community and to the department annually. The Clery Act is intended to provide students and their families with accurate, complete and timely information about safety on campuses so that they can make informed decisions. Such disclosures are permitted under FERPA. The following website provides more information about these and other provisions about campus safety: <http://www.ed.gov/admins/lead/safety/campus.html>.

Law Enforcement Unit Records

Many colleges and universities have their own law enforcement units to monitor safety and security in and around campus. Institutions that do not have specific law enforcement units may designate a particular office or school official to be responsible for referring potential or alleged violations of law to local police authorities. Investigative reports and other records created and maintained by these law enforcement units are not considered education records subject to FERPA. Accordingly, institutions may disclose information from law enforcement unit records to anyone, including outside law enforcement authorities, without student consent. See 34 CFR § 99.8.

While an institution has flexibility in deciding how to carry out safety functions, it must also indicate in its policy or in information provided to students, which office or school official serves as the college or university's "law enforcement unit." The institution's notification to students of their rights under FERPA can include this designation. As an example, the department has posted a model notification on its website at www.ed.gov/policy/gen/guid/fpco/ferpa/ps-officials.html.

Law enforcement unit officials who are employed by the college or university should be designated in the institution's FERPA notification as "school officials" with a "legitimate educational

interest." As such, they may be given access to personally identifiable information from students' education records. The institution's law enforcement unit officials must protect the privacy of education records it receives and may disclose them only in compliance with FERPA. For that reason, it is advisable that law enforcement unit records be maintained separately from education records.

Disclosure to Parents

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

- Schools may disclose education records to parents if the student is a dependent for income tax purposes;
- Schools may disclose education records to parents if a health or safety emergency involves their son or daughter;
- Schools may inform parents if the student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance;
- A school official may generally share with a parent information that is based on that official's personal knowledge or observation of the student.

FERPA and Student Health Information

Postsecondary institutions that provide health or medical services to students may share student medical treatment records with parents under the circumstances described above. While these records may otherwise be governed by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the HIPAA Privacy Rule excludes student medical treatment records and other records protected by FERPA. The Department plans to issue further guidance on the interplay between FERPA and HIPAA.

FERPA and Student and Exchange Visitor Information System (SEVIS)

FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of SEVIS. Officials who have specific questions about this and other matters

involving international students should contact the U.S. Department of Education's Family Policy Compliance Office.

Transfer of Education Records

Finally, FERPA permits school officials to disclose any and all education records, including disciplinary records, to another institution at which the student seeks or intends to enroll. While student consent is not required for transferring education records, the institution's annual FERPA notification should indicate that such disclosures are made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the student about the disclosure, unless the student initiates the disclosure. Additionally, upon request, the institution must provide a copy of the information disclosed and an opportunity for a hearing. See 34 CFR § 99.31(a)(2) and § 99.34(a).

 4. No person shall fail or refuse to comply with any lawful order or direction of anyone with the authority to direct, control and regulate traffic.
 5. The driver of any vehicle involved in a collision shall immediately stop at the scene of such accident or collision, and by the quickest means of communication report such accident or collision to the COM Police Department at Ext. 8403.
 6. All vehicles are required to stop completely at each stop sign and then proceed cautiously.
 7. No operator of a vehicle shall drive beyond a barricaded area or where prohibited by temporary or permanent signs, and no operator or person shall remove such barricade or sign.
 8. No person in control or possession of a motor vehicle shall bring the same to a sudden start or stop in a parking lot or street or accelerate or race the motor so as to cause loud noise calculated to disturb the person or persons present.

17. Other parking violations include parking against

the flow of traffic, and parking in a disabled space without a disabled sticker. A Justice of the Peace citation may be issued to any person who parks a vehicle in a disabled space without a handicap sticker.

Enforcement

The District reserves the right to enforce traffic rules and regulations:

1. Through the impoundment of vehicle in violation of Texas State Statutes and the Parking and Traffic Rules and Regulations of the District;
2. By barring the re-admission to the District and withholding grades, degrees, refunds, and official transcripts of any student or non-payment of outstanding administrative fees;
3. By disciplinary action against employees or students who fail to abide by these regulations or fail to pay outstanding administrative fees.
 - a. Parking reinstatement fees and/or fines are assessed for each parking violation committed. The fee/fine is \$4 if paid within 10 school/work days. If not paid within the 10 days, the fee/fine will automatically increase to \$8. For parking in disabled spaces without the proper disabled sticker or tags, the fee/fine is \$10 and if not paid within 10 school/work days, the fee/fine automatically increases to \$20;
 - b. Fees/fines may be paid at the Cashier's Office counter located in the Administration building along with the violation notice(s).
 - c. It shall not be a defense to a violation of these Rules and Regulations that a citation was removed from a vehicle after said citation had been placed on the vehicle.
 - d. If the operator of the vehicle believes that the citation is unwarranted, he or she may appeal the citation by following the Campus Parking Citation Appeal Process.

Campus Parking Citation Appeal Process

The appeals process grants the individual who believes that a campus parking citation was issued in error the opportunity to have the citation reviewed by an appeals committee. The appeals committee is made up of three members: an administrative representative, a faculty representative, and a student government representative. The Appeals Committee is independent from the COM Police Department.

1. You must pay or appeal the citation within 10 days (school/business days). Citations can be paid in person at the cashier office located in the Doyle Family Administration Building or over the phone with a credit card at 409-933-8377 (citation number and valid driver's license number required).
2. Appeals must be submitted online within 10 days (school/business days) from the issuance of the citation.
3. Appeal forms with attached evidence and citation copies will be forwarded to the Appeals Committee to determine if appeal will be reviewed or automatically denied. If the appeal is accepted, a hearing will be scheduled.

You must have substantial and valid evidence that you did not commit a parking violation, or that it occurred due to circumstances beyond your control. You must upload valid documentation of evidence and a copy of your citation with your completed appeal form or your request will be automatically rejected.

4. The following reasons for an appeal are considered invalid and will be rejected.
 - Lack of knowledge of the parking laws and policies. For example, new to the campus or have not reviewed the laws or policies.
 - Other vehicles were improperly parked.
 - Only parked illegally for a short period of time.
 - I parked like this before, but was not cited previously.
 - Late to class, late to work, or late to an appointment.

- Inability to pay the fine.
- No other place to park.
- Illegally parked in a fire lane.
- Illegally parked in a handicap space or handicap access area.
- Appeal is not submitted within 10 days (school/business days).
- Insufficient evidence.

5. If the Appeals Committee accepts your appeal, you will be contacted for an appeal review hearing. If you cannot attend the scheduled hearing you must email the Appeals Committee at parkingappeal@com.edu within 24 hours of the scheduled hearing or your appeal will be rejected and disqualified. The decision of the committee will be based on a majority vote and you will be notified of the decision via email within 24 hours after the hearing date.
6. All appeal ruling decisions are final.
 - If your appeal is approved, you will not be required to pay the citation.
 - If your appeal is denied, you will have 10 days (school/business days) to pay your citation at the cashier's office located in the Doyle Family Administration Building or over the phone at 409-933-8377 (citation number and valid driver's license number required).

The College reserves the right to exclude a person with a communicable disease from College facilities, programs and functions if the College makes a medically based determination that the restriction is necessary for the welfare of the person who has the communicable disease and/or the welfare of the other members of the College community. The College's decisions involving persons who have communicable diseases shall be based on current and well-informed medical judgments concerning the disease, the risks of transmitting the illness to others, the symptoms and special circumstances of each individual who has a communicable disease, and a careful weighing of the identified risks and the available alternative for responding to a student with a communicable disease. [See [FFAC \(Local\)](#)]
